Fabrication

We have a strategy of continual investment in the latest automated cage machines. We employ a team of highly experienced welders with skills across a wide array of fabrication jobs; pile cages, D walls, columns and capping beams.

Product code	Description	UOM
Pile Cages from 200mm to 2m		
Manual Base Pile Cage	Supply and fabrication of manually produced cages	1
Machine Base Pile Cage	Machine produced cages from 200 to 2m in diameter and up to 15m in length including 10-20mm wrapping	1
